## ENGINEERS' O. K. GIVEN SANITARY CANAL DISTRICT

### Safeguards Chicago, They Declare.

Chicago's fight for health, as planned by the sanitary district which already has spent \$100,000,000 and contemplated spending \$125,000,000 more, was approved yesterday by an impartial commission of twenty-eight of the nation's greatest engineers.

The board, called in from all parts of the country by the sanitary district to say yes or no to the system of handling Chicago sewage—a system which has reduced typhoid fever cases many hundred per cent—reported that Chicago not only was justified in withdrawing all the water it wants from Lake Michigan, but that Chicago is doing more than its share to see that no damage results to shipping or power interests through such withdrawal.

**Big Victory for Chicago.**

This commission outranks in engineering prestige the commission appointed by the late Theodore Roosevelt to decide whether the sea to sea canal should be built at sea level through Nicaragua or with locks as at present, further south on the isthmus. The finding yesterday is a slap at Canadian and American power interests that have sought to keep Chicago from withdrawing through the Chicago river sufficient water to protect its health, through disposal of sewage.

The signers of the report include engineers from Milwaukee, Detroit, and other cities which have been fighting Chicago's method of sewage disposal and health protection. The report embodies more than 800 decisions on various angles, each decision being unanimous and each decision upholding the recommendations of the sanitary district engineers.

When various lake cities contended that the withdrawal of water for Chicago's sanitation purposes would hinder shipping by lowering lake levels, Chicago offered to build compensating locks to shipping. The twenty-eight eminent engineers, who found in this report's favor, actually chide Chicago for making that offer, stating that Canadian and American power and shipping interests should pay their share of such expense.

**To Benefit Navigation.**

"Such works as are necessary regarding Chicago's diversion," the report says, "and their cost will be slight, and they will be paid for by the city. They will protect all interests involved, increase low water flow, greatly improve navigation and harbor conditions, allow more efficient use of water for power and make possible the restoration and protection of Niagara falls."

In other words, the compensating locks, which the sanitary district is willing to install, will help instead of hindering shipping and power interests in the Great Lakes region.

The sanitary district chiefs looked on the report as of immense value. It is the first time that the plans for a canal have been approved by a body of engineers and harbor committee at Washington, which is hearing bills dealing with the subject.

**Full Report Due Soon.**

Within a week or two a complete report containing plans for all sewage disposal and compensating works will be presented by the engineers. It is known that the plans will call for a canal above Goat island which will not only be made to preserve lake levels, but will form an international bridge between the United States and Canada.

The engineers, chosen from all parts of the country, were called in by the sanitary district last September to find out whether the district's engineers were right or wrong. The commission was instructed to return an unbiased report.

The engineers, in the first paragraph of their report, declare that there is no misunderstanding as to Chicago's plans for sewage disposal and that the sanitary district's plan for a canal should be approved.

On lake levels, it states that the withdrawal would lower the lakes only one and one-half inches in a period of some twenty years and would in no way interfere with shipping or power plants.

## THE BEST ECONOMY

### THIS IS THE BEST ECONOMY, MR. PRESIDENT

## WHEAT CROSSES \$1.81 MARK FOR MAY DELIVERY

Wheat yesterday crossed the \$1.81 line, with May up to \$1.81½ and December at \$1.77½, jumping more than 4c from Wednesday's close. It finished at ¼c below the top, with prices around 70c higher than a year ago.

It is the highest price at this season in years and has seldom been exceeded at any time under normal conditions. During the war wheat sold up to \$3.18 to a settlement price in 1917, when trading was stopped, while cash wheat in December, 1919, and in January, 1920, sold at \$2.50, the highest on record.

Wheat in Winnipeg advanced to \$1.89 for May, while recently it was under Chicago.

Trade leaders predicted that wheat will sell at \$3 within a short time unless there is a decided change in the foreign situation. At the same time commission houses are asking 10c to 20c a bu margin on new business in an effort to prevent those who want to get rich quick from coming into the market.

May rye sold up to \$1.88½, jumping 3c for the day. May corn touched \$1.31½, a jump of nearly 1c for the day.

## RUSSIA WILL NOT PAY CZAR DEBTS, KRASSIN STATES

[Chicago Tribune Foreign News Service.]

PARIS, Dec. 26.—Russia flatly declines to assume the former debts of the Russian empire, Soviet Ambassador Krassin asserted today.

"This demand by the bourgeoisie governments is considered monstrous by the soviets," M. Krassin told the Echo de Paris, asserting that France, England, and the United States, creditors, appeared to be attempting to collect their debts by force.

M. Krassin said the most the soviets could hope to do would be to reimburse what he termed the "small holders" of Russian securities, but would never pay the great capitalists.

The soviet ambassador denied that the negotiations with France had broken down.

## Cornell Professor Killed in Automobile Accident

New York, Dec. 26.—[Special.]—Dr. Ernest Fluegel, professor of German at Cornell university, was killed last night when an automobile, owned by Frederic R. Coudert, the lawyer, toppled over on him after having been struck by a taxicab. Dr. Fluegel, who was 67 years old, had just stepped from the curb when the taxi struck the Coudert landaulet. The side of the landaulet struck him on the back of the head and felled him.

## Man Saved After Being Carried Under River Ice

St. Louis, Mo., Dec. 26.—After being carried by the current fifteen feet from the hole in the ice through which he had fallen into the Mississippi, Charles McCoy, dredge workman, was saved from drowning today by fellow workers who cut another hole and dragged him from the river.

## SAVES BEAUTY PAUPER BURIAL

### Blind Woman Pays Debt of Gratitude.

They were just preparing last night to bury Angelita Cuccinello in the potter's field. The girl who just a year ago was judged among 10,000 by Rudolph Valentino as Chicago's most beautiful was going into a nameless grave.

But today Angelita will go to a decent grave in a fine coffin heaped with flowers. And a blind woman, Mrs. Deane J. McGarity, wife of a lake captain living at 734 Constance avenue, will pay a debt of gratitude.

Angelita was hastening to mail a belated Christmas card to Mrs. McGarity when she stepped in the path of a careening truck. She died three mornings ago.

Beautiful but Poor.

She was poor, Angelita, beautiful and poor. But her friends called her rich in a sunny vision, which she lavished on a blind woman who needed sunny visions. Angelita, who won in the film sheik's beauty contest didn't last long.

Just as she was getting better and had gone back to work, the auto truck snuffed out her life. And for three days her body lay on the slab in a South Side morgue.

Father in Kansas City.

Her father in Kansas City was the only relative. He didn't have a cent to come here. Old friends of the days of youth and beauty didn't seem to know about the matter.

Yesterday morning Mrs. McGarity got her Christmas card and decided to look up Angelita. She found her in the morgue.

In a few minutes the coffin had been bought and paid for and the plot in Mount Olivet secured. And then the telegraph wires carried a money order to the father in Kansas City, who will be at the funeral today.

Each Memorial day a blind woman will place the sunniest flowers she can find on the little beauty's grave.

## YOUTHS DUEL WITH SHOTGUNS; ONE IS WOUNDED

Dallas, Tex., Dec. 26.—Julius Jordan, 16 years old, is in a hospital not expected to live, and police are searching for another youth because of a shotgun duel.

The shooting followed an argument between the two boys as to which one was the best marksman with air rifles. When the discussion grew companions went for the shotguns so that the boys could settle the affair.

The shotguns were thrown down between the youths. Each took one, then backed away about fifty or sixty feet and fired. Jordan dropped wounded, while the other boy ran. Thirty boys heard the argument and saw the shooting.

## RITTER PRAISED BY COOLIDGE FOR GIFT TO WORKERS

[Picture on back page.]

Washington, Dec. 26.—William M. Ritter, founder of the W. M. Ritter Lumber company of Columbus, O., was publicly commended today by President Coolidge for his action in giving to employees of his company a quarter of the capital stock of his concern as a Christmas present. Mr. Coolidge sent Mr. Ritter this letter:

"I have been very much interested in reading of the fine thing you have done for those in your employ at Christmas time. Such acts of generosity cannot help but lead to better cooperation and understanding between the employers and employees, and you are to be commended for the fine example you have shown."

## WINKED AT, BUYS ART STUDY; GAZES AT HIS SWEETIE

[Picture on back page.]

When a man buys an art study from a street hawk, whose manhood is accompanied by a knowing wink, and then finds the picture is one of his sweetie, his views on art are likely to suffer a shock. Emil Lorke, an artist's model, told Judge John H. Lytle yesterday.

Judge Lytle will decide today whether the picture really is art and also what to do with Lorke.

Margaret Jettick, 24 years old, of 2411 Grav avenue, Evanston, had Lorke arrested. She said that after he bought the picture he came to her and told her that for \$100 he could see the plates and have them destroyed. "He sought advice and Lorke landed in a cell."

Each morning Mrs. McGarity got her Christmas card and decided to look up Angelita. She found her in the morgue.

In a few minutes the coffin had been bought and paid for and the plot in Mount Olivet secured. And then the telegraph wires carried a money order to the father in Kansas City, who will be at the funeral today.

Each Memorial day a blind woman will place the sunniest flowers she can find on the little beauty's grave.

## THE WEATHER

SATURDAY, DECEMBER 27, 1924.

## MODERNIZATION OF BATTLESHIPS ORDERED BEGUN

President Follows Terms of Recent Bill.

BY ARTHUR SEARS HENNING.

Washington, D. C., Dec. 26.—[Special.]—President Coolidge revealed today that he has ordered immediately the modernization and increase of the navy to the extent authorized by the bill passed by congress a fortnight ago.

A part of the construction will be begun at once with funds already available. The initiation of the program, however, is dependent upon appropriation by congress under the terms of the recent authorization.

The President has instructed the budget bureau to report to him what immediate appropriations are needed to carry out the modernization program for the next fiscal year to congress before the senate passes the new appropriation bill. Appropriation for immediate construction in the current fiscal year will be asked for in a deficiency bill.

What Bill Authorizes.

The modernization and increase authorized in the bill signed by the President on Dec. 18 consists of:

1. Alterations of the battleships New York, Texas, Florida, Utah, Arkansas and Wyoming to consist of the installation of additional protection against submarine attack, of the installation of anti-air attack deck protection, of the conversion of these vessels to oil burning, and in addition, for the New York and Texas, the installation of new fire control systems, the total cost not to exceed \$18,350,000.

2. Construction, beginning before July 1, 1927, of eight scout cruisers to cost not more than \$11,100,000 each and six river gunboats to cost not more than \$750,000 each.

Gun Elevation Not Provided.

The act provides that "the alterations to capital ships and the construction of new vessels" shall be subject to the arms limitation treaty and that in the event of another international conference the President is authorized to suspend any part or all of the construction authorized.

This measure includes the addition of armor, blast-resistant protection, and other features of modernization sought by the navy with the exception of the elevation of the guns of the main battleships on thirteen-inch batteries.

It is strongly opposed to building ships merely because Great Britain or Japan has more of a particular type than we have. The navy department, however, is extremely insistent that more scout cruisers be provided to balance our fleet.

The President endeavored to get this limited modernization bill through congress last spring so that work could be begun at once on the six old battleships. The bill was passed in June, but Senator King (Dem., Utah) halted it on its way to the White House.

In view of his responsibility for the delay in the modernization of the old battleships the administration thinks the demand for an investigation of the efficiency of the navy comes with bad grace, therefore, from Senator King, the administration taking the view that such inefficiency as exists is the result of the failure of congress to provide funds for the proper maintenance of our fighting craft. Mr. King charges that there is gross inefficiency for which congress is not to blame.

Denies Wedding Was Preceded by Gay Party.

Opposition to annulment of her marriage to Oscar Weiner, a wealthy fur dealer residing at 6921 Sheridan street, has been recalled by Miss Sara E. Fisher, it is announced by the city's lawyer, Joseph Krooth.

The couple were married on May 21 while on a motor trip to Waikanae.

It was agreed that an amendment to the annulment decree which would deny Weiner was drinking on the wedding date would be filed, and that Miss Fischer, said Krooth.

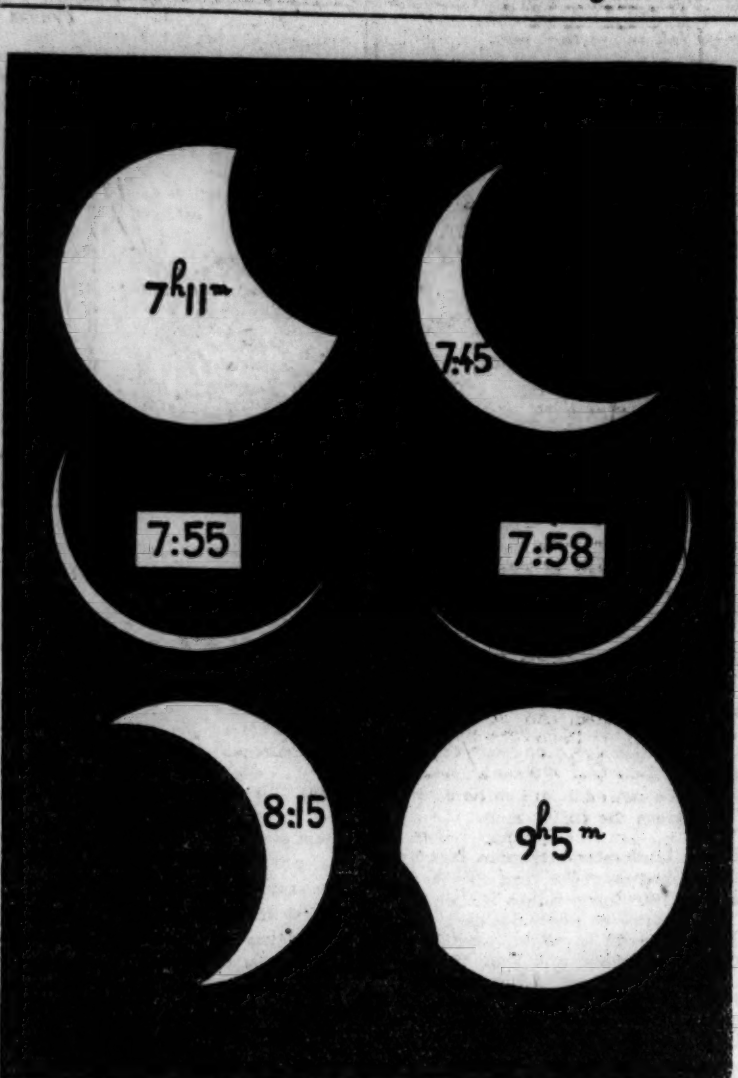

Miss Fischer stated that she and Weiner, who were old friends, made an impromptu decision to wed while on a trip to a Highland Park resort, and they got the license forthwith.

Miss Fischer denied she wedded Weiner on a dare, as was published, or that the affair followed a roadhouse party. She is 21 years old. Weiner is 35.

Christmas Peanut, Stuck in Throat, Kills Child of 2.

Death came yesterday to Angelo Rasmussen, 2, of 909 South State street, after physicians in St. Luke's hospital had operated in an effort to save his life. The baby swallowed a whole peanut Christmas day and it stuck in her throat.

## CHICAGO TO SEE ECLIPSE JAN. 24

Diagrams prepared by Prof. G. Van Biesbroeck at the Yerkes observatory of the University of Chicago showing how much of the sun will be obscured at various times during the partial eclipse on Jan. 24.

## FAVOR SUBWAYS AS MEANS FOR SAFER STREETS

Business Men Offer Traffic Rules.

Chicago business men will take a personal hand in clearing away traffic congestion and street dangers during 1925.

The Chicago Association of Commerce announced yesterday that it will maintain a street traffic committee of thirty-five members, employing a secretary to develop and establish a flexible traffic improvement plan.

Elmer T. Stevens, chairman of the new committee issued a tentative program. Immediate action on subway plans is urged. "We believe that a subway should be built as soon as possible," the report says. "This is the most important single item in the consideration of traffic congestion."

"We are not concerned with the political aspects of the question. When they are solved—if they ever are—we should devote a great deal of attention to the system in relation to street traffic."

For Raised Sidewalks.

Placing the pillars of the elevated structure in streets such as Wabash avenue on the sidewalks, thus doubling the street capacity. Serious study of street double decking and triple decking proposed for the loop district.

Support of plans for establishing fixed bridges over the river. Creation of new and greatly widened streets, particularly a new boulevard artery to the west side from the loop or near north side.

Study of plans for the better control of pedestrian traffic at intersections.

Control of the driver who is too slow, as well as the driver who speeds. Regulation of freight delivery in the loop, relieving rush hour congestion by designating certain hours for heavy trucks.

Physician and mental examination, and driving test before licenses are issued to persons to drive autos.

Regular police inspection of trucks. A system of police licenses which can be withdrawn from the car owner when occasion arises.

Development of a complete code of rules of the road, similarly interpreted in every section of the city.

Urges Traffic Department.

The tentative program also suggests that the city establish a supreme traffic authority in the form of a department of traffic to take over the planning and regulation of streets. Such a department, it adds, should be free from political considerations and might be a division of the police department.

It also suggests the formation of a traffic violation bureau, such as that service in Detroit. This bureau should act in the thousands of cases where minor traffic rules have been violated, and thus relieve the courts of congestion.

All existing plans for traffic betterment, such as the Chicago Plan, automatic traffic lights, and new regulations established during the last year, are endorsed by the association report, which pledges cooperation with existing agencies.

OKLAHOMA FIRE DEATHS ADVANCE TO TOTAL OF 35

Hobart, Okla., Dec. 26.—[By Associated Press.]—Mrs. J. T. Nicks, 55, died tonight, bringing to thirty-five the number of fatalities in the Babb switch schoolhouse fire Christmas eve. Three other persons are not expected to survive.

## Last in Century

Nineteen-twentieths of Chicago's sunlight will be obscured on Jan. 24, when a solar eclipse is scheduled to appear in the northern part of this country, according to Prof. E. B. Frost and G. Van Biesbroeck, at the Yerkes observatory of the University of Chicago. No partial eclipse has so nearly shut out the sun since Aug. 7, 1859, they state.

The greatest obscuration in Chicago will occur at 7:58 a. m., when nineteen-twentieths of the sun's diameter will be covered by the moon. Since the sun's light is much dimmer at the edge than at the center of its disk," says Prof. Frost, "there will actually be hardly more than one-fourth hundredth of the sunlight left."

Prayed for the Family.

Mrs. Clark said she soon felt her hands growing numb as she prayed for the family. "I felt then that it would be only a question of a few seconds until I probably would be dashed to the tracks and wind went through my clothes," she said.

"I felt myself growing weaker and weaker. I guess I lapsed into unconsciousness because I remembered nothing more until I came to in a farmhouse out in the country. They told me they found me lying in the snow near the side of the tracks."

DEVER CAR PLAN FRANKS DEFENSE LINKS OWNERSHIP AND OPERATION

Vote Must O. K. Both or Scheme Dies.

BY OSCAR HEWITT.

Corporation Counsel Busch has decided that Mayor Dever's transportation plan is legally municipal ownership and municipal operation. Before either may be undertaken the electorate must vote affirmatively for each, according to the statutes.

It is planned to submit two questions to the voters on Feb. 24, the date of the next aldermanic election. The voters, according to the program, will first decide whether they wish municipal ownership of the surface lines and then will cast another ballot for or against municipal operation. Both questions will relate to one ordinance embodying the agreement between the bankers' committee and the city.

It is possible, but improbable, that the voters will favor municipal ownership and oppose municipal operation. If that should be the result, the mayor's plan would be killed. Also, if the voters approve of municipal ownership and oppose municipal operation, the mayor's plan would be dead according to the character of the tentative agreement to be placed in the ordinance.

Must Vote in Both Phases.

To make the plan effective the people must vote for both municipal ownership and operation. That sounds queer, but it is the statement of city official who knows in detail what the agreement at present contains.

How Mayor Dever will make good his claim that his plan removes the traction question from politics through municipal operation will not be clear to most persons. To make good his claim, there necessarily must be some adulteration of pure municipal operation, which has plan has been understood to provide.

But officially the mayor's plan is legally municipal operation as well as ownership. That point of uncertainty has been settled so far as the city law department is concerned. It asserts that the law recognizes two kinds of operation, private and municipal, and no mixture of the two, for which it has been claimed the mayor's plan provides.

Ordinance Ready Soon.

The completed ordinance is not ready for committee consideration, but is promised next week. Prolonged Christmas festivities prevented a quorum of the committee from gathering yesterday.

Announcement was made, however, that choice of a third engineer to appraise the present value of the surface lines is in progress. The appraisal must be completed before the ordinance can be placed in the ordinance agreement, which must be considered by both committee and council and passed by Jan. 24 in order to be on the ballot at the election one month later.

60,000 ENTERED HOLY DOOR ON CHRISTMAS DAY

ROME, Dec. 26.—[By Associated Press.]—Streams of the faithful were still pouring today through the holy door in St. Peter's, opened by Pope Pius on Christmas eve in inaugurating the year of jubilee. Each one passing through kissed the side posts from which the door had been removed.

## WOMAN IN CRASH CARRIED 12 MILES ON ENGINE PILOT

Tossed in Ditch at End of Ride Almost Unhurt.

Indianapolis, Ind., Dec. 26.—[By Associated Press.]—Thrown on to the pilot of the Knickerbocker special, fast Big Four passenger train, when the engine crashed into an automobile in which she was riding at a crossing, Mrs. Kenneth Clark, 18, of this city, was carried twelve miles until she fell into a ditch near Oakland, Ind.

She was not seriously injured, but suffered from exposure to the sub-zero weather.

Mrs. Clyde Clark, her mother-in-law, was killed and Kenneth Clark, 22, her husband, and Clyde Clark, her brother-in-law, were injured when the train struck the automobile. A baby 20 months old was buried unhurt from work on the engine pilot.

Thanks God She's Saved.

"I've thanked God a thousand times that I'm alive," Mrs. Clark said as she lay on a hospital cot today.

Mrs. Clark said that as the automobile started across the tracks she heard a terrific crash and then remembered nothing until she found herself on the engine pilot.

"I was still dazed," she said, "but I apparently had enough presence of mind to cling to some kind of an iron bar on the head of the locomotive."

"I screamed, shrieked and shouted until my throat became raw. It seemed that I was flying, the train was going so fast."

"The minutes seemed like hours and the wind was so strong I was afraid to turn around and look ahead. The car wind went through my clothes, shirt waist and skirt as if I had on no clothing at all."

Mrs. Clark said she soon felt her hands growing numb as she prayed for the family. "I felt then that it would be only a question of a few seconds until I probably would be dashed to the tracks and wind went through my clothes," she said.

"I felt myself growing weaker and weaker. I guess I lapsed into unconsciousness because I remembered nothing more until I came to in a farmhouse out in the country. They told me they found me lying in the snow near the side of the tracks."

DEVER CAR PLAN FRANKS DEFENSE LINKS OWNERSHIP AND OPERATION

Vote Must O. K. Both or Scheme Dies.

BY OSCAR HEWITT.

Corporation Counsel Busch has decided that Mayor Dever's transportation plan is legally municipal ownership and municipal operation. Before either may be undertaken the electorate must vote affirmatively for each, according to the statutes.

It is planned to submit two questions to the voters on Feb. 24, the date of the next aldermanic election. The voters, according to the program, will first decide whether they wish municipal ownership of the surface lines and then will cast another ballot for or against municipal operation. Both questions will relate to one ordinance embodying the agreement between the bankers' committee and the city.

It is possible, but improbable, that the voters will favor municipal ownership and oppose municipal operation. If that should be the result, the mayor's plan would be killed. Also, if the voters approve of municipal ownership and oppose municipal operation, the mayor's plan would be dead according to the character of the tentative agreement to be placed in the ordinance.

Must Vote in Both Phases.

To make the plan effective the people must vote for both municipal ownership and operation. That sounds queer, but it is the statement of city official who knows in detail what the agreement at present contains.

How Mayor Dever will make good his claim that his plan removes the traction question from politics through municipal operation will not be clear to most persons. To make good his claim, there necessarily must be some adulteration of pure municipal operation, which has plan has been understood to provide.

But officially the mayor's plan is legally municipal operation as well as ownership. That point of uncertainty has been settled so far as the city law department is concerned. It asserts that the law recognizes two kinds of operation, private and municipal, and no mixture of the two, for which it has been claimed the mayor's plan provides.

Ordinance Ready Soon.

The completed ordinance is not ready for committee consideration, but is promised next week. Prolonged Christmas festivities prevented a quorum of the committee from gathering yesterday.

Announcement was made, however, that choice of a third engineer to appraise the present value of the surface lines is in progress. The appraisal must be completed before the ordinance can be placed in the ordinance agreement, which must be considered by both committee and council and passed by Jan. 24 in order to be on the ballot at the election one month later.

60,000 ENTERED HOLY DOOR ON CHRISTMAS DAY

ROME, Dec. 26.—[By Associated Press.]—Streams of the faithful were still pouring today through the holy door in St. Peter's, opened by Pope Pius on Christmas eve in inaugurating the year of jubilee. Each one passing through kissed the side posts from which the door had been removed.

## PRIEST LEADS FIGHT ON FIRE, SAVES CHURCH

Led by the parish priest, half a hundred parishioners of St. Felicitas' Roman Catholic church at 834 place and 18th street, fought a hand-to-hand battle with flames last night in a successful effort to save their new edifice from burning down.

The fire started in the old church, next door to a handsome new structure erected in April. The blaze got a good start and, before the alarm was turned in and firemen arrived, members of the parish, headed by the Rev. John S. Morris, were beating out flames that caught the new building.

Damage to the present church was confined to \$1,000. The old building was burned down. After the firemen had gone the priest and his flock got boards and covered broken windows so that services may be held as usual tomorrow.

THE REV. JOHN S. MORRIS.

Christmas eve he sat in his barren room in a West Adams street lodging house where he has spent Christmas eve in a West Adams street lodging house can realize to what lengths one will go to kill the loneliness. Max decided to go the whole route and kill the lonesome feeling forever.

Max had no weapon, but he'd fought in the Polish army at one particular time when a boy kept his neck on his shoulders by inventing his own firearms as and when the occasion demanded. He had bullets, but no gun.

A piece of lead pipe, a handful of powder, and a bullet inset with a charming bit of spike were soon combined into a Max Peck rifle. He set it on a table, pointed at his heart, and set off the powder with a red hot wire.

Bullet Lodges in Heart.

Other inmates of the house rushed in to find him unconscious on the floor, but they reported to the police that there was no wound, simply a big burn on his chest.

An X-ray examination at Cook county hospital showed, however, that Peck was technically dead. It was found that the steel tipped bullet had plowed through the chest and into the left ventricle of the heart.

With not too high hopes of success the doctors started operating. Dr. Carl Meyer, doing the major work, opened a "flap" in the chest, then cut through the sac around the heart and allowed the accumulated blood to flow out.

Max Technically Dead.

Then he took the heart in his hand and stopped its beating. Max Peck was technically dead. Pressure forced out the spiked bullet. Then the heart was relaxed back into position and it resumed business at the old stand.

Arrest Club Auditor for Embezzlement of \$10,000

Michael O'Reilly, former auditor of the Standard club, was found in Gross Point yesterday after a search of two weeks and arrested on charges of embezzling from \$10,000 and \$12,000 from the club's funds. O'Reilly, police say, had confessed to the theft and was given time to return the money. Then he disappeared.

STEEL WORKER SMOTHERED.

Ivan Jakuska, 37, of 8358 Green Bay avenue, was smothered yesterday while at work in the Illinois Steel company's plant.

MADE ye olde-time way & enjoyd ye nation over since this centurie began

WELL, ye home is "to rights" once more; ye new toys are in place; ye turkie is being serv'd colde; and ye goode olde-time candies can again be had in any quantitie.

BUSINESS CLASH FOUND BACK OF CHINESE KILLING

Mo Quong, member of the board of directors of the On Leong tong, was shot and fatally wounded over a business dispute. On his deathbed yesterday he identified a business rival, Wong Way as the man who had shot him three times on Christmas night and picked out Harry Lee as Way's accomplice. Both deny the charge.

James McMahon, learned Quong had opened a laundry several months ago at 217 West 22d place. Way resented this, declaring Quong was violating Chinese trade custom as his own laundry, at 2214 Westworth avenue, was just around the corner.

The Chinese Merchants' association gave a decision in favor of Quong, but it is charged that he dropped his membership in the On Leong tong and cast his lot with the rival Hip Sing tong.

VIRGINIA FLOOD DEATHS REACH 14, WITH 8 MISSING

Salville, Va., Dec. 26.—[By Associated Press.]—With the recovery of six additional bodies today, fourteen persons are known to have perished Wednesday night when an avalanche of a Holston river dam, swept down from its pocket into a little valley that sheltered a dozen homes back of Salville.

Eight persons still are missing and more than twenty injured are being treated in the improvised hospital here. More than 200 men and women are working today for additional victims of the tragedy. Approximately 150 men, the entire working force of the Matheson Alkali works, aided in the work.

## SPIKE REMOVED FROM HIS HEART, PATIENT GAINS

Max Peck Is Saved After Suicide Attempt.

County hospital surgeons yesterday cut out Max Peck's heart, squeezed a bullet from it, put it back into position, and sewed him up. And though little interested in present affairs, Max Peck was alive last night and probably will recover.

At the same time Peck's ability as a manufacturer of small arms for personal destruction was vindicated.

The Height of Loneliness.

Christmas eve he sat in his barren room in a West Adams street lodging house where he has spent Christmas eve in a West Adams street lodging house can realize to what lengths one will go to kill the loneliness. Max decided to go the whole route and kill the lonesome feeling forever.

Max had no weapon, but he'd fought in the Polish army at one particular time when a boy kept his neck on his shoulders by inventing his own firearms as and when the occasion demanded. He had bullets, but no gun.

A piece of lead pipe, a handful of powder, and a bullet inset with a charming bit of spike were soon combined into a Max Peck rifle. He set it on a table, pointed at his heart, and set off the powder with a red hot wire.

Bullet Lodges in Heart.

## RHINELANDER'S BRIDE TO SEEK PROOF OF RACE

Attorney Denies She Has Negro Blood.

(Picture on back page.)

White Plains, N. Y., Dec. 26.—[Special.]—Declaring he would have to send envoys to England and other countries to trace the ancestry of the defendant's father, Attorney Samuel F. Swinburne today applied for \$4,000 counsel fees and \$50 a month alimony in the annulment suit brought by Leonard and Kip Rhinelander, scion of a wealthy New York family, against his bride of a few days before Supreme Court Justice Arthur S. Tompkins.

The sole question involved is whether Mrs. Rhinelander's father, George, was a descendant of a Negro. Mrs. Rhinelander, daughter of Supreme Court Justice Arthur S. Tompkins.

Is Willing to Support Wife.

Leon R. Jacobs, Rhinelander's counsel, told Justice Tompkins, who remained in court and counsel fees, that young Rhinelander was willing to support his wife during the pendency of the action and was willing to give her counsel a sufficient sum to combat the issues.

It was brought out during the hearing that young Rhinelander has an income of \$18,000 a year from his estate of \$255,000.

Pays All Wife's Bills.

Mr. Jacobs said that Mr. Rhinelander had paid every bill forwarded by Mrs. Rhinelander, her attorney or her father.

Mrs. Rhinelander repeatedly told her husband during his courtship that she had no Negro blood, according to the bill of particulars filed in the suit today. The bill says that during courtship Rhinelander was informed that Emily Morgan, a sister of his bride to be, had married a Negro.

Twelve Youths Held on Charge of Deerfield Girl

A dozen young men, who may or may not have been participants in a wild party that resulted in tears for Miss Elizabeth Hagblom, 18 years old of Deerfield, were arrested in a rooming house at 1121 West Adams street, yesterday by the police. Miss Hagblom was found crying in the Union station and the arrests followed. The young men are held at the detective bureau. The rooming house was operated by Mrs. Nellie Morro, who was not taken into custody.

Released on Bond.

**A THREE DAYS'  
COUGH IS YOUR  
DANGER SIGNAL**

Chronic coughs and persistent colds lead to serious trouble. You can stop them now with Creosolium, an emulsified creosote that is pleasant to take. Creosolium is the newest medical discovery with a fold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recommended by the medical fraternity as the greatest healing agent for the treatment of chronic coughs and colds and other forms of throat troubles. Creosolium contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation of the mucous membrane on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to serious complications.

Creosolium is the greatest remedy in the treatment of chronic coughs and colds, catarrhal bronchitis and influenza. It is a most effective and excellent for building up the system and restoring the vitality of the body. If any cough or cold, no matter of how long standing, is not relieved after treatment directed to directions on your drugstore, Creosolium Co., Atlanta, Ga. (A.C.)

ALEX PROVES TO  
CUBS THE NEED  
OF EXPERIENCE

BY IRVING VAUGHAN.

Grover Cleveland Alexander not long since was asked whether he thought the basic law of pitching had undergone any change since he first broke into the big show. He replied:

"Well, it used to be that after a bad inning the manager would ask you just what it was that some fellow had socked for extra bases. You would say curve ball, if such happened to be the case, and the manager would bark back that the next time that same batter faced you he wanted you to pitch nothing but speed. The idea was that if a fellow hit speed he wouldn't hit curves, or vice versa."

Pitching methods have changed since Alex was a kid—they now mix up their offerings and throw at a batter's weakness—but baseball, at least part of it, still is operated on the old slab theory that if one thing isn't successful try the other. That brings us down to the Cubs of the present.

**Cubs Try Experiment.**

A couple of years ago the Cub officials decided to clean house. The old boys who were hanging on by nothing more than their reputations were given the air. Youngsters were brought in on a wholesale scale. It was a daring move, as big league teams always had been conducted on the belief that only a limited number of young fellows could be worked into the picture at one time. Being a daring move, it was watched with interest.

With a flock of the new fellows performing in 1933, the Cubs finished in fourth place. That was considered a successful showing, and many of those who stuck to the idea that a certain number of old hands were essential began to hedge. Then came 1934, and for the first couple of months of the season the Cubs literally knocked the league on the head of its heels. Everybody thought that a team of kids, imbued with spirit akin to that of a college aggregation, was going to shatter the old age theory. But the kids came a cropper.

**Failure Results in Trade.**

The thing that caused the break was the injury to old Alex's arm. From the very day that a hated ball cracked his wrist and removed him from the scene of activities the kids began to decline. Until then nobody had figured him a steady influence; they thought of him merely as a good pitcher. But the turn of events proved that he had been sort of an inspiration to the youngsters. With him out of it their spirits naturally dropped and victories became less and less frequent. Then there the Cub officials became convinced that kids couldn't go it alone—that the older men of experience were needed. Hence the deal with Pittsburgh.

In Maranville, Grimm, and Cooper the Cubs obtained three men who will supply the balance that was so fully absent after Alexander was injured. Most of this will count around second base, where the "Rabbit" will perform. His mere presence will be a tremendous aid to whoever wins the shortstop job, it being taken for granted that Hollister will not be able to return. The "Rabbit" also is a gift; so is Grimm and it is a downright cinch that the Cubs' infield of 1935 is not going to be asleep on its feet.

**Killefer Fails to Appear.**

Manager Killefer was due here yesterday for a final spring training trip talk with President William Veech, but he wired from his home at Paw Paw, Mich., that he had postponed the trip until the first of next week. So far as is known there is nothing of great importance to talk over except the subject of a coach to succeed Dughey. It was said that the coach was signed during the New York meetings and his identity kept secret, but Veech insists somebody was talking through his hat.

Killefer plans to leave shortly for Catalina Island, where he will remain for the winter, killing time until March 1, when the team arrives, by golfing and fishing.

**Meyers Beats Rocco in Star and Garter Bout**

Johnny Meyers, former middleweight wrestling champion, last night defeated Antonio Rocco, the Italian middleweight, in one of the most grueling bouts seen on the Star and Garter theater mat. The match lasted 52:58, coming to a halt when Meyers succeeded in clamping on a double wrist lock and a scissor. Joe Parrelli, another former middleweight title holder, was delayed between the city and Terre Haute and was unable to appear against Dr. Carl Frazier. The latter went on with Arnold Minkley, light heavyweight, the bout ending in a draw after thirty minutes of scrapping.

**717 Total Gives Podmersky Manufacturing Pin Lead**

Spilling 717 pins, J. Podmersky of the Devoe and Reynolds Paint company last night went into the lead in the singles event at the Central Manufacturing bowling tournament in progress at Peterson's, Tremont and Kriss of the Chicago, Milwaukee and St. Paul railway took second in the doubles with 1,333. There was no five man team competition. Leading scores: Podmersky, 717; Kriss, 624; Devoe, 618; Dwyer and Reppner, 1,182; Devoe and Minkley, 1,180; SINGLES: Podmersky, 717; Kriss, 624; Devoe, 618; Dwyer and Reppner, 1,182.

**Former Big League Ball Player and Manager Dies**

Indiana, Pa., Dec. 26.—Dr. Harry E. Gessler, 45, a major league baseball star a decade ago, died at his home here yesterday. During his baseball career Dr. Gessler was manager of the Pittsburgh Federal league team and played with the Brooklyn and Chicago clubs of the National league and the Detroit and Boston clubs of the American league. Before entering baseball he distinguished himself on the football field for Washington and Jefferson colleges and Johns Hopkins university.

In the Wake  
of the News

**EARLIER CHICAGO.**

DEAR WAKE: When the Prince of Wales, afterward Edward VII., visited Chicago in 1889 he was entertained at the Richmond house, where it was discovered the signal halyards on the pole were not in condition to be used; in fact, none were attached.

The schooner Sweepstakes was lying in the river directly east of Rush street bridge, where a Richmond house representative went, seeking some one to ascend the pole on the hotel and insert the signal halyards through the pulley.

A young sailor responded, climbed the pole, carrying the end of the rope in his teeth, and Old Glory was spread to the breeze to welcome the prince.

For this service the young sailor received a \$2 bill, issued by a Wisconsin bank, which when he attempted to spend it he found of no value. That young man was my uncle, Capt. William C. McMillan, now residing at the Evanston Hotel.

R. A. J.

Concerning "The Mikado," Sidney Rosen's company is given credit for its first appearance not only in Chicago but in the United States. This company played one week at the Grand Opera house (then Hamilton). I have a souvenir program dated July 12, 1885.

In reality, the opera was produced one week before at the theater on North Clark and Kinzie by the Graw company. Joe Herber was the "Koko." He did the "Mikado" in Rosenfeld's production. I saw with both companies.

C. M. P.

**Conscience.**

What is it that drives a coward, That fills me with sickening fear, That haunts my restless slumber, Whispering dark threats in my ear?

O, Conscience, why so relentless? Let me keep my secret alive, But Conscience savors quickly, "Tis the reckoning of fate."

It matters not where I wander, Nor how far away I roam, I cannot leave my Conscience As I do my restless home.

So is it with those led astray, Their consciences punish well, For woven in the eye of the Lord above, Thus the deep, dark price can be paid.

Jim Crow.

**WE GOT A SOLDIER DOLL! BUT YER CANT BUST IT! IT'S UNBREAKABLE.**

**NOPE! IT CANT BREAK! POP SAID THE MAN THREW IT ON THE FLOOR AND THEN HE THREW IT UP TO THE CEILING AND LET IT FALL AND IT NEVER BROKE.**

**IT MUST BE WONDERFUL.**

**HEY HERBY! COME HERE AND SHOW MR. BAILEY YER DOLL!**

**M'GRAW BRACES BOSS?**

**LOUD LAUGHS HEARD**

Boston, Mass., Dec. 26.—[Special.]—A change in the directorship of the Boston National League Baseball club, replacing Christy Mathewson, president of the Braves, by Manager John J. McGraw of the New York Giants, is certain to take place some time before the local club starts south for spring training, according to a minority stockholders' statement issued through Director Albert H. Powell this afternoon.

Despite the denials of McGraw and his associates in New York, plans for the switch have been completed and will be put into operation, according to Director Powell.

New York baseball men, it is said, hold the majority of the stock in the franchise of the local club. They appointed Mathewson and Judge E. Fuchs president and vice president, respectively, when they bought it from George Washington Grant, according to reports.

**Aburd, Says McGraw.**

New York, Dec. 26.—[Special.]—"Aburd, ridiculous, impossible, improbable, untrue, absolutely false, malicious, unvarnished, apoplectic, banana oil, rice peddling, bunk, puff, nonsense, humbug, hop." These were only a few of the remarks with which J. J. McGraw and other Giant officials today greeted the Boston report that McGraw was to head the Braves.

**BERLENBACH PUTS ESTRIDGE OUT OF IT IN ROUND TWO**

New York, Dec. 26.—[Special.]—Paul Berlenbach's destructive left hand claimed another victim tonight in Madison Square Garden when, before a crowd of about 13,000, the hard hitting Astoria light heavyweight knocked out Larry Estridge, elongated Harlem Negro middleweight, in less than two full rounds of a scheduled twelve round bout.

Estridge was saved from possible serious injury by the intervention of Referee Jack O'Sullivan after 2 minutes and 45 seconds of the second session, when the Negro was helpless, supported by the ropes in his own corner.

Estridge went down under a succession of lefts to the body, rights to the face and jaw, and one solid left hand smash to the jaw from Berlenbach in the last minute of the round. After gamely pulling himself to his feet with the aid of the ring ropes at the count of nine he was leaning helplessly, with his back to the ropes in his own corner when the referee stepped in.

**VILLA TO RISK TITLE IN ORIENT**

New York, Dec. 26.—Pancho Villa, Filipino holder of the world's flyweight title, will defend his championship in a twenty round match at Manila the last week in January against young Sencio, recognized flyweight titleholder of the Orient. Sencio also is a Filipino.

**New Leaders Appear in City Bowling Meet**

New leaders forged their way to the front in all events in the Chicago Bowling association pin meet at the Schenemann alley last night. The five match event the Live Stock Press five hung up a tournament record and grabbed first place with a tall count of 3,113. M. Erickson and A. Tommel shot 1,283 for first place in the doubles, while E. Holmes landed the lead in the singles with 639 and F. Thurlwell won with 681. Leading scores:

FIVE MAN EVENT—Live Stock Press, 3,113; Calumet K. C. 2,882; Richs Dairy, 2,872; W. H. Fredson, 2,865.

DOUBLES—M. Erickson and A. Tommel, 1,283; Kenna's, 1,245; J. Towner, 1,230; H. L. P. Sills, 1,210; SINGLES—E. Holmes, 639; F. Thurlwell, 681; G. Schaefer, 671; W. Walker, 663.

**ROCKFORD ATTLES DIES.**

Rockford, Ill., Dec. 26.—William Garrett, colored athlete who was a star on Rockford high school football and basketball teams a few years ago, died last night of pneumonia.

**The Canadian Pacific**

commenced with luxurious steamships on both coasts of Canada and the United States. Also from Vancouver to Seattle.

## Tribune Decisions

Decisions of The Tribune boxing representatives are:

At New York—Paul Berlenbach knocked out Larry Estridge (5); Jack Delaney beat Pat Reed (12); Tracy Ferguson knocked out Mike Carr (5); Eddie Elkins beat S. Kemper (4).

At Atlanta, Ga.—Mike McGraw stopped Jimmy King (4).

At Grand Forks, N. D.—Bennie Levy knocked out Navy Kootan (4).

At Buffalo, N. Y.—Frankie Schoell and Tiger Flowers, draw (5).

## NOTES OF THE BOXERS

**FOLLOWING** his ten round bout with Al Ziemer of Cleveland, which is booked at Indianapolis for New Year's day afternoon, Bud Taylor, the crack Terzo Haute bantamweight, will fill three more engagements during the month of January. Four days after the Indianapolis scrap Bud takes on Pasquale Colletti of New Orleans for eight rounds at Memphis, then journeys to New York to box Nat Pincus twelve rounds on Jan. 19. Manager Eddie Long has also signed with Cleveland promoters for Bud to box either Midget Smith, Joe Lynch, Pete Sarmiento, or Carl Tremaine on Jan. 26.

Eddie Anderson, who is also a member of Eddie Long's stable, is scheduled to box Willie Ames at Canton New Year's day for five rounds. Billy Daniels, who is scheduled for ten rounds, and Stewart McLean ten rounds at Duluth Jan. 12.

DOUBLE WINDUP AT  
MILWAUKEE ON JAN. 1

Milwaukee, Wis., Dec. 26.—The New Year's day boxing card of the Cream City Athletic club will contain a double windup, according to announcement today by Matchmaker Frank Mulken.

Mike Marone, Bayonne, N. J., and Frankie Munroe of Los Angeles are scheduled for a ten round bout in the first and Pete Sarmiento of the Philippines and Eddie Shea of Chicago will go the same number of rounds in the second.

Other bouts on the card announced are Frank Sperles, Milwaukee, and Joe Doyle of Racine, Wis., four rounds at 140 pounds; Hebble Schaefer, Chicago, and Eddie Macy, Los Angeles, six rounds at 124 pounds.

The matches will be no decision affairs staged in the arena of the municipal auditorium beginning at 8 p. m. Jan. 1.

**New Orleans Boxer Held for Murder of Walter**

New Orleans, La., Dec. 26.—Yellow Williams, 24, was shot and killed today as he was waiting on customers in a restaurant in the French quarter. Paul Barrere, 28, known in the prize ring as "Battling Barrere," was charged with the murder.

## FARM &amp; GARDEN

There isn't much danger of this country being short on chicks, pups, and pigs if the remarkable things scientists have discovered are put into practice. Production of fowls and animals can be easily doubled by having the flocks and herds produce winter and summer under "artificial sunlight" that has been developed by scientific investigators.

With poultry houses, kennels, and hog sheds equipped with lights that give off ultra-violet rays, it will not be necessary to arrange breeding sheds and pens so the crop of chicks, pups, and pigs will come in the spring, with a long summer of sunshine ahead to develop them.

Through the use of artificial lights that give off ultra-violet rays a few breeders of fine dogs are now able to keep their kennels going in winter as well as summer, doubling their output of puppies and greatly lowering their overhead expenses and increasing their profits. When these lights are put into more general use the winter pig crop and auditorium beginning at 8 p. m. Jan. 1.

**HAJDICK SIGNED FOR ARMORY MAT MATCH**

Toney Hajdick, the young Bohemian middleweight wrestler who made such a hit with Broadway armory wrestling fans in his appearance against Johnny Meyers, former champion, was signed yesterday by officials of the 20th Coast Artillery to appear on the card at their next show, Jan. 5.

If Joe Parrelli, former champion, who took the title from Meyers and in turn lost it to Lou Talaber, will agree to terms, Hajdick will oppose him in one of the double windup features on the card. Parrelli has signed an agreement to appear in one of the windup matches, and Meyers has signed to appear in the other.

Hajdick made a great showing against Meyers until he fell into a full nelson hold after having Johnny dizzy from a series of headlocks. The fans were with Hajdick in his bout against the popular Johnny, and they want to see what the fast youngster can do against another of championship caliber.

Meyers' opponent has not been selected, but negotiations are pending with half a dozen of the leading championship aspirants. Besides the double windup, there will be two other matches, Col. Charles J. Kraft, commander, and Capt. B. Peshmalian, athletic officer, announced.

over Missouri's Rockne and his team. They will realize they will win their hands on the new year.

It will be recalled that California played the 7 to 0. All five of the strong eleven coached by Rockne, one of the iron.

There is no great fact that football is how to play the men and coach conditions common opponents and come out of the tackle and block as those in the forward line, while the play is on a par with the best.

Missouri was a bit of a surprise. It was the champion of the south valley conference coached by Gwynn Klips. Still the 7 to 0. To stop the complete by the Trojans in the Christmas day players were tackled and the players made much of the game.

Still another consideration regards "Year's day game" Southern California of both Land Stanford should lose, then the entitled to a lot of credit for the day before the game. Stanford will have at home tomorrow, will bring his squad to the game. Coach by gradual training his squad in the day before the game. ## ALL EYES TURN TO NOTRE DAME'S GAME ON COAST

BY WALTER ECKERSALL.  
Pasadena, Cal., Dec. 26.—(Special.)

With the intersectional football game between Southern California and Missouri now a matter of national interest, fans all over here are now turning their attention to the great struggle between the two teams. Notre Dame, one of the undefeated eleven of the country, and Stanford, Pacific coast conference champion, to be decided in the Rose Bowl here on New Year's day afternoon.

The 36 to 7 victory of the Trojans over Missouri made Coach Rockne and his Notre Dame players realize they will have a real battle on their hands on the first day of the new year.

It will be recalled that Stanford and California played to a 20 to 20 tie and that California defeated Southern California, 7 to 0. All of which is indicative of the strength of the Palo Alto eleven coached by "Pop" Warner, one of the wizards of the grid-iron.

Western Teams Rank High. There is no getting away from the fact that football teams out here know how to play the game. They have the men and coaches, and under such conditions command respect of any opponents and especially those which come out of the east. The players can tackle and block just as effectively as those in the east. They can throw and catch forward passes just as accurately, while their general defensive play is on a par with the best in the country.

Missouri was a good football team. It won the championship of the Missouri valley conference and was ably coached by Gwynn Henry and Harry Kibbe. Still the Tigers were unable to stop the complex attack launched by the Trojans in the third quarter of the Christmas day game. Missouri players were tackled behind the scrimmage line and the play smeared before they made much headway in numbers of yards.

Still another thing to be taken into consideration regarding the New Year's day game is the fact that Southern California, Stanford and California, have defeated two eastern invaders in Syracuse and Missouri.

Fine Record for Trojans. The Trojans are through and can point with pride to their season, while both Stanford and California have yet to win their intersectional battles. If both Stanford and California should lose, then the Trojans will be entitled to a lot of credit for defeating two representative eastern eleven.

Stanford will have its last intersectional game tomorrow, for Coach Warner will bring his squad into Pasadena, Monday morning to complete final preparation. Coach Rockne is making plans for a gradual stages and will not bring his squad into this city until the day before the struggle.

Stanford will present its strongest front, as Ernie Newets, considered the best full back on the coast, is back into harness and going in his old time form, according to reports from Palo Alto. He is rated the greatest defensive player who ever played American intercollegiate football along the Pacific seaboard. Other players are in excellent condition and, barring accidents before the struggle, Stanford will be stronger than at any time during the regular playing season.

East Lags Behind. If the east is to have a leg to stand on when far western teams either mid-west or far eastern football is mentioned, then it is up to Notre Dame to win this game, according to alumni of eastern universities and colleges living here, who are straining under the collar as invading eleven go down in defeat before coast teams.

**TROJAN GRID PILOT TO SIGN WITH ST. LOUIS**  
Fullerton, Cal., Dec. 26.—John Hawkins, captain of the University of Southern California football team, who yesterday closed his football career when he led the Trojans to a 20 to 7 victory over the University of Missouri at Los Angeles, today announced at his home here that he would sign a contract with the St. Louis American league baseball club.

Hawkins, an infielder in baseball at Southern California, also is a letterman in basketball. He will report to the Browns for spring training in March, next year, he said.

## Motorism Today

CHICAGO'S best Christmas present came yesterday in the form of an announcement from Gov. Len Small to President A. J. Cermak, of the Cook county board promising full state cooperation in the great district highway improvement plan based on the county's proposed \$15,000,000 bond issue. The announcement, according to county authorities, backs up the cooperative proposal made by Frank Sheets, state superintendent of highways, who represented the state in the recent terminal highway conference in Chicago.

At that time Charles H. MacDonald, chief of the United States bureau of roads, Mr. Sheets of the state department, Maj. George Quinlan, county superintendent of highways, and representatives of the Chicago Plan commission framed the terminal road program which coordinates all transportation arteries in the Chicago district and agreed to build all future improvements with an eye single to the best interest of the state.

The governor proposes a revision of the \$100,000,000 state bond issue plan as it affects Cook county in order to place Cook's share of the state highway fund on a needed basis, either as double payments on the existing bonds, or as a new issue, according to the announcement. It is believed that all of the thirteen main state roads leading into Chicago will be materially benefited by this new cooperative move.

President Cermak will confer with Mayor Dever and John J. Sloan, as well as the governor and state highway commission, plans for the state's and city's share in the new county improvement work.

**HUSKERS SEEK A NEW COACH; DAWSON RESIGNS**  
Lincoln, Neb., Dec. 26.—Fred L. Dawson, director of athletics of the University of Nebraska, whose resignation as head coach of the university football squad was accepted by the board of athletics today, left tonight for New York to attend the meeting of the football rules committee, and it was reported that while there he would do some scouting around looking to the selection of his successor as coach head.

Two names have been mentioned in connection with the filling of the vacancy on the Nebraska coaching staff, that of Guy Chamberlain, former Nebraska end, and Coach Charlie Bachman of the Kansas Agricultural college. Chamberlain is a member of a team of professional football players. Athletic authorities make it plain, however, that the place was open, and that no particular person was being considered for the vacancy.

**BUCKEYES PLAN FOUR EAST-WEST TILTS IN 1925**  
Columbus, O., Dec. 26.—Ohio State athletic officials have scheduled intercollegiate competition in four lines of varsity sport during 1925 and several schedules still are incomplete.

First of these clashes occurs Jan. 8, when Coach Glenn will send his basketball squad against Princeton, a representative of the Eastern Intercollegiate league. The Penn relay next will see Ohio State mix its colors with a different geographical foe in April, and in May, Cornell, a member of the same league as Princeton, will oppose Ohio State's baseball nine here.

Outstanding among Ohio State's coming intercollegiate contests, however, is the Ohio State-Columbia football game scheduled to be played in the Ohio stadium here next Oct. 17. Athletic Director L. W. St. John is an advocate of intersectional contests within reason.

**CHICAGO LADS GOLF IN SOUTH**  
Pinehurst, N. C., Dec. 26.—(Special.)—Francis and William, sons of Francis C. North of Chicago, scored 67 and 71, respectively, in nine hole junior boys' tournament here today. The tournament was restricted to boys under 16 years of age. Ellis Maples of Pinehurst, 15 years old, son of Frank H. Maples, led the sixteen qualifiers by scoring a 41 for the nine hole test. The boys qualified in four divisions of four each. The Chicago boys were in the fourth division.

**Purple Assistant Coach to Marry Miss Calkins**  
Henry Penfield, former Northwestern university tackle and now an assistant coach at the Purple school, has announced his engagement to Miss Henriette Calkins. The engagement is the climax of a campus romance. No date has been set for the marriage.

**Greenwood and Wakefield Divide Billiard Series**  
Pittsburgh, Pa., Dec. 26.—(Special.)—Billy Greenwood and Harry Wakefield of Cleveland shared two National Three Cushion Billiard league games, played here today. In the afternoon the local circuit ran up to 50 to 49 triumph and in the evening Wakefield won, 50 to 23.

## PENN GRID SQUAD TO PRACTICE HERE TODAY

Philadelphia, Pa., Dec. 26.—The football squad of the University of Pennsylvania, thirty-three strong, left today for Berkeley, Cal., to pit its undefeated eastern strategy against the Pacific coast tactics of the University of California.

Crippled by the loss of Fairchild and Craig, its two regular ends, and the disability of Joe Wilson, tackle, injured in practice recently, the team found itself leaving Broad Street station of the Pennsylvania railroad on track 18. But that omen was disregarded when the strains of "Hail, Pennsylvania!" from the University band and a chorus of exhortations to "Beat those Bears!" sent the Red and Blue forth on its expedition into the west.

Plans to Join Squad. The train to pass through Johnstown, Pa., where Fairchild, stricken with appendicitis, lies waiting for an operation to be performed. At Pittsburgh, Clyde Fiero, a quarter back, was injured on the eve of the Cornell game, is expected to join the squad.

More than a hundred followers accompanied the team, the special train comprising eleven cars. The baggage car is equipped with shower baths and gymnasium apparatus.

The train is due to reach Berkeley on Tuesday. Following a "pep" luncheon at the Drake hotel, the undefeated University of Pennsylvania football team will arrive in Chicago this morning enroute to play the University of California eleven at Berkeley. New Year's day will stage a hard workout at the riding club, Ontario street and McCurg court.

As a certain rouser for an hour of secret practice, the Penn team will be presented with a "spirit" football, which will be kicked off in a "ghost" game scheduled between a team composed of former Penn players and regular Red and Blue squad. The "spirit" football, donated by Ray White, former University of Chicago swimmer, will be presented by Capt. E. H. McGraw of Penn by Al Journeay, former Penn captain and all-American player, who will lead the alumni team.

**Band to Broadcast.** The lineup of the alumni team for the "ghost" game will include Ray White, Bill Griffith, Nick Carter, Doc Irwin, Al Brunker, Ed Welsch, Howard Emig, Pierson Irwin, Bill Haerther, Urban Lavery, and Capt. Al Journeay.

The University of Pennsylvania band, composed of thirty-five pieces and including a string orchestra, will broadcast over two radio stations while in Chicago. It will be on the air from station WMAQ from 11:5 to 4:45. A feature of the program will be a song written by Penn alumni for the occasion.

**FAVORITES WIN OPENING TENNIS MATCHES IN EAST**  
New York, Dec. 26.—Ranking players came through safely today in the opening round of play in the National Boys and Junior tennis tournament on the indoor courts of the Seventh Regiment armory.

Kenneth Appel of East Orange, N. J., wearing the colors of Michigan, won the first match, 6-2, 6-2, after he had drawn a bye in the first round. All eight seeded players won their matches in the junior tournament, while the players seeded in the boys' tournament also triumphed.

**Phil Mooney to Pilot Loyola 1925 Prep Eleven**  
Phil Mooney, star player on the Loyola academy football team, has been elected captain of the North Side Catholic league school's eleven for next year. Sweaters were awarded to eighteen players and Manager Clarke as follows: Capt. Mooney, Capt. Ed. C. Mooney, Shugart, Griffin, Sheridan, Mooney, Pryor, Harbo, Korman, W. Mooney, McMillan, Decker, Smallwood, Krueger, Sullivan and McGraw.

**ENGLISH SOCCER RESULTS**  
LONDON, Dec. 26.—Results of the English Soccer Football league games played here today are as follows: First Division—Birmingham, 1; Arsenal, 0. Aston Villa, 2; Leeds U. L., 1. Liverpool, 1; Nottingham, 0. Newcastle U. L., 1; Everton, 1. Second Division—Birmingham, 1; Bolton, 1. Preston, 1; Nottmham, 1. West Brom, 0; St. James, 0. Third Division—Sheff. Wed., 1; Barnsley, 0. Blackpool, 2; The Wednesday, 0. Bradford, 1; Bolton, 1. Portsmouth, 2; Grimsby, 1. Derby, 0; Oldham, 0. H. Hill, 1; Clapton Orient, 1. Manchester U. L., 2; Middlesbrough, 0. Luton, 0; Port Vale, 1; Southampton, 1; Fulham, 0. Chelsea, 1; Wolverhampton, 0.

## Problems of Scoring to Face Grid Coaches at N. Y. Meet

New York, Dec. 26.—[By Associated Press.]—Scoring will be among the problems facing the American football coaches when they gather for their annual meeting here next week.

Already it has been suggested that the point after touchdown be eliminated and that the touchdown scored from the reception of a forward pass count only three points, the same as a goal from the field, a scheme designed to eliminate the deluge of passes at the end of a game when a losing team makes a last effort to recover. The present scoring system, with slight changes, has stood for many years.

Another proposal which has been made annually for several years past has had to do with eliminating the games played on extra period of play or deciding the winner by giving an extra point for the team which made the greatest number of first downs or gained the most yards during the regular playing period.

Used to Be Three Downs. In the early days of the present century weight counted more than speed, for the rules provided that an eleven might gain a first down by advancing only five yards in three attempts, where now the distance is ten yards in four. Those were the days of shin guards and nose guards, accoutrements unknown to modern grid-irons.

Hurdling and flying tackles had not been banned, so players went into a contest protected from head to foot, with thick pads on shoulders and elbows. Injuries were numerous, and deaths from football injuries came too often to permit the American sport loving public.

Then came the forward pass and the longer distance to make with more downs in which to accomplish the task. Pads and guards were hurried to the side lines as speed became one of the necessary elements. The average line weight dropped, and the game became financially profitable and able to obtain a "stone wall" to turn back the heaviest full back, the coaches decided.

**NEW COMPOST MACHINE AID TO GOLF CLUBS**  
There is little connection between a golf course and a foundry, but a Westchester golfer, who is manager of a foundry, has adapted a machine used for preparing all kinds of factory sand to the preparation of top soil for the golf course. It promises a great saving in the preparation of compost.

The machine will take soil, sand, and manure and mix it in one-tenth of one second, after which it will require by the old hand or screen method. It can prepare and fill a two yard dump wagon with top soil in eight minutes, handling the soil just as if trowed up with a plow.

The machine is small enough to be taken to each green and so save hauling material from a distance. One eastern club figures it saved \$2,000 in the preparation of top soil for its course.

**GOUTLET OUT OF HOSPITAL TODAY**  
New York, Dec. 26.—(Special.)—Al Goulet, one of America's foremost cyclists, will leave the New York hospital tomorrow after having recovered from the operation for appendicitis which followed his collapse during the recent six day bike race. Goulet plans to rest at his home in Newark for a few days, preparatory to a trip to Europe, to start about Jan. 7. He will be gone about six weeks. The six day race star also disclosed today for the first time that this European trip will also be a honeymoon. He is to be married Jan. 8 to Miss Jane Rooney of Newark.

**NOTES OF THE CUE ROOMS.**—Billiard matches played last night in the only city league three cushion billiard matches played. The former ranked Jacobs (46) at Knickerbocker's, 60 to 35, in sixty-one innings, and the latter humbled Jacobs (46) at the Sheraton Recreation room, 45 to 29, in fifty-six innings. High runs: Elschlager, 10; Jacobs, 21; Kane, 5; Durocher, 4.

## YOST AGAINST CHANGE

ANN ARBOR, Mich., Dec. 26.—Fielding H. Yost, chairman of the rules committee of the American Football Coaches' association, will oppose any changes restricting the forward pass when the committee meets in New York next Monday. In making this announcement today Yost said: "Generally speaking, there is too little forward passing instead of too much. This is also true of the kicking game."

Yost said he would favor the elimination of a run after recovery of a fumble. He also said he would favor the elimination of a run after recovery of a fumble. He also said he would favor the elimination of a run after recovery of a fumble.

Developed a group of chargers to worry kickers and passers. Football gained a tremendous following, with small universities placing light but clever passing teams in the field, and soon the squads mounted into the thiries and the "artists" took their place in the game.

They were the experts at drop kicking, punting, and passing who were rushed into the contest when an opportunity for field goal or touchdown developed. With the new open game, the fields were crowded and football became financially profitable and able to care for the increasing number of participants.

In the old days a touchdown meant five points, the following goal one. And the goal after touchdown had to be kicked from the angle of the field fifteen yards from the point where the ball went over the line unless it was punted out safely to some more advantageous position.

Later it was decreed that the extra point must be made from a position fifteen yards from and directly in front of the goal posts. This proved to be too easy and there were too many scores. Immense totals of consecutive goals were scored by any one team, and where formerly the effort had to be made to obtain a "stone wall" to turn back the heaviest full back, the coaches decided.

A touchdown has come to count six points in order that the combination of a field goal and a safety may not equal the fruits of a grueling advance. The extra point after a touchdown in football still remains 1 to 0, although in baseball, where a run counts only one, the forfeit figures are 9 to 0.

**Los Angeles Limited**  
Sunny winter days in California bring health and joy to children—and grown-ups, too. Clad in bathing suits, the youngsters build castles in the sand every day. Ponies to ride, picnics, fascinating pleasure piers, bright flowers, motor trips, boat rides—endless wholesome diversions. Schools famed for excellence and beauty of surroundings. Special comforts for women and children on the

## MEDILL FIVE WALLEOPS LANE HEAVIES, 16-8

Medill heavyweight cagers yesterday gave evidence that they will be an important factor in the deciding of the City league championship by walling Lane Tech, last year's titleholder, 16 to 8, at the J. P. I. floor. In the lightweight game Lane was avenged, 14 to 5.

The veteran Medill team, which had to be reckoned with in the semi-final last season, had little trouble in playing rings around the Techs with Garippo, Bologna, and Brukeman chalking up all the points. Garippo was most instrumental in the victory, making up four baskets. Outside of Lippert, who caged three baskets, Lane presented a woefully weak heavy-weight combination. Heavyweight lineup:

LANE (8) MEDILL (16)  
Lippert, 3 0 1 0 Bologna, 1 2 0 0  
Brukeman, 0 0 0 0 Brukeman, 1 2 0 0  
Bologna, 0 0 0 0 Brukeman, 1 2 0 0  
Garippo, 0 0 0 0 Brukeman, 1 2 0 0  
Lippert, 3 0 1 0 Bologna, 1 2 0 0

Streator, Ill., Dec. 26.—(Special.)—Austin High school heavyweight cagers of Chicago were outboxed by Streator boys tonight, 23 to 16, in a game that was a runaway for the hosts after the first quarter. Austin put up a battle in the opening scene and scored its three baskets, but was unable to do much thereafter. Lineup:

STREATOR (28) AUSTIN (16)  
Dawson, 6 3 0 0 Fabian, 2 4 0 0  
Dawson, 6 3 0 0 Fabian, 2 4 0 0  
Dawson, 6 3 0 0 Fabian, 2 4 0 0  
Dawson, 6 3 0 0 Fabian, 2 4 0 0  
Dawson, 6 3 0 0 Fabian, 2 4 0 0

Previous cagers will invade the St. Mel gym today for a pair of battles with the Catholic league giants. The two schools met recently, which resulted in two tied games.

**CANNEFAX AND HOPPE TO PLAY II BLOCK TILT**  
New York, Dec. 26.—Willie Hoppe, world's 13.2 ballline billiard champion, and Robert Cannefax of Chicago, world's three cushion champion, met here today and perfected arrangements for a special three cushion match to start Jan. 19. The terms call for an eleven ball match of 60 points each.

The principals will sign Monday, when each posts a forfeit of \$2,500. The loser, according to the terms of the agreement, has the right to challenge immediately for a return match. Cannefax's title will not be at stake in the match.

**Los Angeles Limited**  
L. V. Chicago (C. & N. W. Terminal) 800 p. m. At Los Angeles (3rd day) 230 p. m. Three other daily trains direct to California and two to Denver with connections for California. ## PREP SKATERS TO HOLD ANNUAL MEET ON JAN. 24

BY FRANK SCHREIBER.

The third annual ice skating Derby of the Chicago Public High Schools Athletic league will be held on the north lagoon in Lincoln park on Jan. 24. E. C. Delaporta, secretary of the board of control of the league and supervisor in charge of high school athletics, announced yesterday. This date was named by the board of control of the league.

The program will consist of eight events which will be run off in two divisions. The senior event last night showed a 25 per cent increase over the first tournament. This year's meet is expected to set a new high water mark, for all of the schools in the league have organized teams and will compete in all of the tournaments held this season.

For the last two years high school skaters have shown a marked interest in the sport. Secretary Delaporta inaugurated the initial tournament in 1923, which drew a good entry. Last year's meet had an entry which showed a 25 per cent increase over the first tournament. This year's meet is expected to set a new high water mark, for all of the schools in the league have organized teams and will compete in all of the tournaments held this season.

**Alverno Meet Sunday.** The Alverno A. A., one of the strongest skating clubs of the city, will hold a closed tournament for its members on Sunday at Portage Park. Several races for the members have been planned, while Harry Kasey, a member of the club, who now is competing as a professional, will give an exhibition. The park is in charge of Director Joe Thomas and the program will begin at 1 o'clock.

**Monmouth Grid Coach Hurt in Auto Accident**  
Monmouth, Ill., Dec. 26.—Glenn Smith, football coach of Monmouth college, received serious cuts on the head here today when an automobile in which he was going to a hunting club struck a stump, plunging him against the windshield.

## NICOLL'S Between-Seasons Sale

This is our big annual event—and each year the number of men who realize its opportunities increases tremendously. The buying season has hardly begun—stocks of materials are complete.

SCRUTATOR SEES  
'24 AS ANGRY OF  
1925 PROSPERITY

BY SCRUTATOR.  
In broad outline the year 1924 stacks up before us as a forecast of 1925 than on the year. The feature of the year has been a better adjustment of the distribution of the national income and better spreading of power, rather than the shattering of production records.

There was a timely comeback in the volume of raw cotton production—improvement that could not be delayed without permanent decline of the American position in world markets.

Price improvement, not volume, was the feature on farms and in the market. It came just when needed and is the best of all the auguries of 1925.

Notwithstanding handicaps, the construction industry went ahead at a rapid pace and is closing the year in the same fashion with surprisingly small seasonal slump.

As usual, the American people appear to have increased their consumption of electricity. This has been a very common place. Hundreds of thousands of homes were electrified and the march toward electric country was well maintained from year to year.

This was accompanied by an increase in utility services. This form of financial activity is the feature of the year's money currents, despite the unusually heavy subscriptions to foreign loans.

Financing of utilities continued to show the great accumulation of capital by folk of moderate incomes—a capital so often advertised to the world by the readers may be a bit worried by that, but, after all, it is the most important thing of current history.

Some of the rapid growth of a popular class of home proportions they ought to be the federal trade commission's report on the tax-exempt securities. Despite the fact that the structure of that form of wealth for the year, it is the people with less than \$10,000 per year who own most of the property, running second, and the year's poor third.

The year 1924 continued to display the phenomenon of wage rates that were affected by changing rates of industrial activity and economic law affecting labor through volume and hours of employment rather than through changes of rate of pay.

With the rebound from the midyear slump proceeding at a satisfactory rate, and standards of living generally maintained, the year 1924 closed with the prospect that the farmer will be very largely the winner of the year. Things are slowly being shifted around until on a balanced basis with wheat from nature, not each other, that continued improvement which is the normal of a progressive people.

**E. C. Brown Sees Good Outlook for Live Stock**  
Today's hog market sees prices \$1.10 higher for all grades than the week of 1924. Little pigs averaging 110 to 120 pounds that sold at \$2.25 to \$2.50. Everett C. Brown, of the Chicago Live Stock Exchange, said yesterday: "An unusually large percentage of the hog crop was marketed early. Top hogs sold at \$11.81, with a probability of \$12.00 hogs that during 1924. A possibility in strong hands and farmers who probably find that corn is more plentiful than hogs next spring and summer."

**Good Fall, Heavy Steers**  
From \$2.50 to \$3.00 the top sold hogs are \$1.50 to \$2.00 higher and these prime heavy steers from now on will be scarce and will probably go another \$1.00 to \$2.00 higher within the next thirty to sixty days."

**Eck Gentry, Veteran Buyer at Stockyards, to Retire**  
E. R. Gentry, who has bought hogs at the stockyards under three different generations of the Armour family, plans to retire.

"The trip that my wife and I took around the world a year ago whetted our appetite for the fresh air and sunshine of the country, play golf, and take it easy," he says. At the stockyards he is considered one of the most successful and popular hog buyers in the trade.

Stimulated by an unexpected decrease in receipts, market continued on its upward swing, advancing 10¢ to 10.10, with the top and average up 20¢ at 10.10 and 10.10 respectively, both being highest in more than two months. Prevailing quotations are largely \$1.20 to \$1.40 above three weeks ago, with light and pig up as much as \$2.50 to \$3.00, since the demand, which absorbed \$1.00 hog, nearly half of the day's fresh arrivals, favored underweights. Large local packers were moderate buyers and only 10,000 were carried over to today's trade.

Cattle receipts were comparatively small at 16,000, the number including Christmas arrivals. Quality graded poor or than usual and all desirable kind sold readily on a strong to 15¢ higher basis, while other grades were barely steady. A few 900 lb yearlings sold at \$12.00, with \$11.50 next highest for 1,200 lb handy yearlings. Some \$650 to \$1,000 averages went at \$11.00, with comparatively few above the \$10.00 mark. Butcher stock little changed and calves sharp higher, some fancy yearlings going to shippers as high as \$16.00, or \$2.00 above Wednesday. Feeding steers were steady.

Lamb Strig 11.25.

Further gains of 20¢ to 25¢ in fat lamb prices raised the top to 11.25, a new high mark for the year to date, comparing with \$10.00 previous Friday, 11.25 two weeks ago, and \$10.50 three weeks ago. Moderately heavy receipts failed to check soaring lamb values. Arrivals at \$10.00, including 5,000 "directs," compared with 4,771 a week ago, 14,232 a year ago, and 16,772 two years ago. Yearlings registered gains of \$6.00 to \$1.00, with \$1.00 to \$1.50 for 1,000 lb yearlings, \$1.50 to \$2.00 for 1,200 lb yearlings, \$1.50 to \$2.00 for 1,400 lb yearlings, \$1.50 to \$2.00 for 1,600 lb yearlings, \$1.50 to \$2.00 for 1,800 lb yearlings, \$1.50 to \$2.00 for 2,000 lb yearlings, \$1.50 to \$2.00 for 2,200 lb yearlings, \$1.50 to \$2.00 for 2,400 lb yearlings, \$1.50 to \$2.00 for 2,600 lb yearlings, \$1.50 to \$2.00 for 2,800 lb yearlings, \$1.50 to \$2.00 for 3,000 lb yearlings, \$1.50 to \$2.00 for 3,200 lb yearlings, \$1.50 to \$2.00 for 3,400 lb yearlings, \$1.50 to \$2.00 for 3,600 lb yearlings, \$1.50 to \$2.00 for 3,800 lb yearlings, \$1.50 to \$2.00 for 4,000 lb yearlings, \$1.50 to \$2.00 for 4,200 lb yearlings, \$1.50 to \$2.00 for 4,400 lb yearlings, # McClintock's Letters to Mr. and Mrs. Shepherd Made Public as New Accusation Is Given Out

**NUDE IN ART ISSUE IN MUNICIPAL COURT.** (1) Sergt. Leo Carr, (2) Sergt. William Knowles, (3) Oscar J. W. Hanson, sculptor; (4) Margaret Jefsik, art model; (5) Emil Lorke, her former sweetheart. (Story on page 1.)

**GIVES \$2,000,000.** William McClellan Ritter remembers employees. (Story on page 1.)

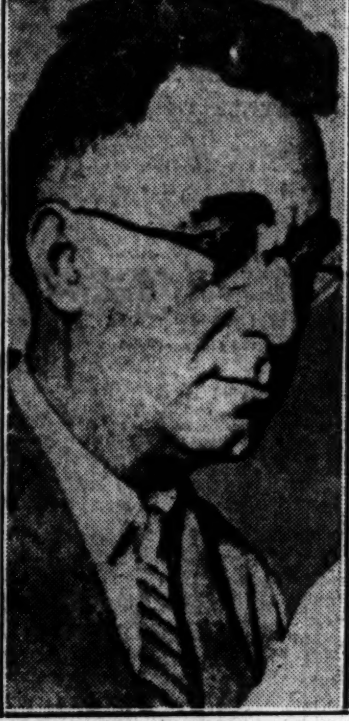

**SAVED FROM POTTER'S FIELD.** Angelita Cucinello, killed by auto, repaid after death for act of kindness to woman who pays for expense of her funeral. (Story on page 1.)

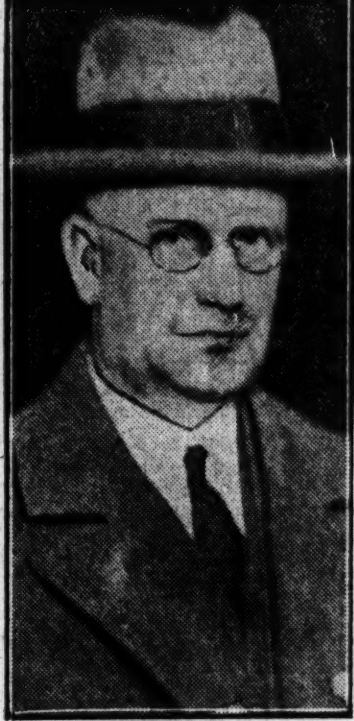

**PROSECUTOR CONTINUES INQUIRY INTO MCCLINTOCK DEATH.** Left to right: George E. Gorman, first assistant state's attorney; Louis Kles, caretaker at W. D. Shepherd home, and Joseph P. Savage, assistant state's attorney. (Story on page 1.)

**BOY SCOUTS PREPARE FOR PILGRIMAGE TO LINCOLN'S TOMB.** Left to right: P. R. Davidson, railroad official; Scouts Joe Bernd and Ed Tobey, George F. Repp, president Kiwanis clubs; Mayor Dever, Scouts Ed Polega and Harvey Shawfelt, Chief Scout Executive George Stephenson, Morris Katz and Scout Sumner Irey. (Story on page 5.)

**MANGLED BY BOMB.** Ernest M. Torchia, Los Angeles attorney, hurt by explosives sent by mail. (Story on page 1.)

**TELLS OF CASE.** Dr. Rufus D. Stolp, McClintock's doctor, talks to prosecutor. (Story on page 1.)

Sum. note

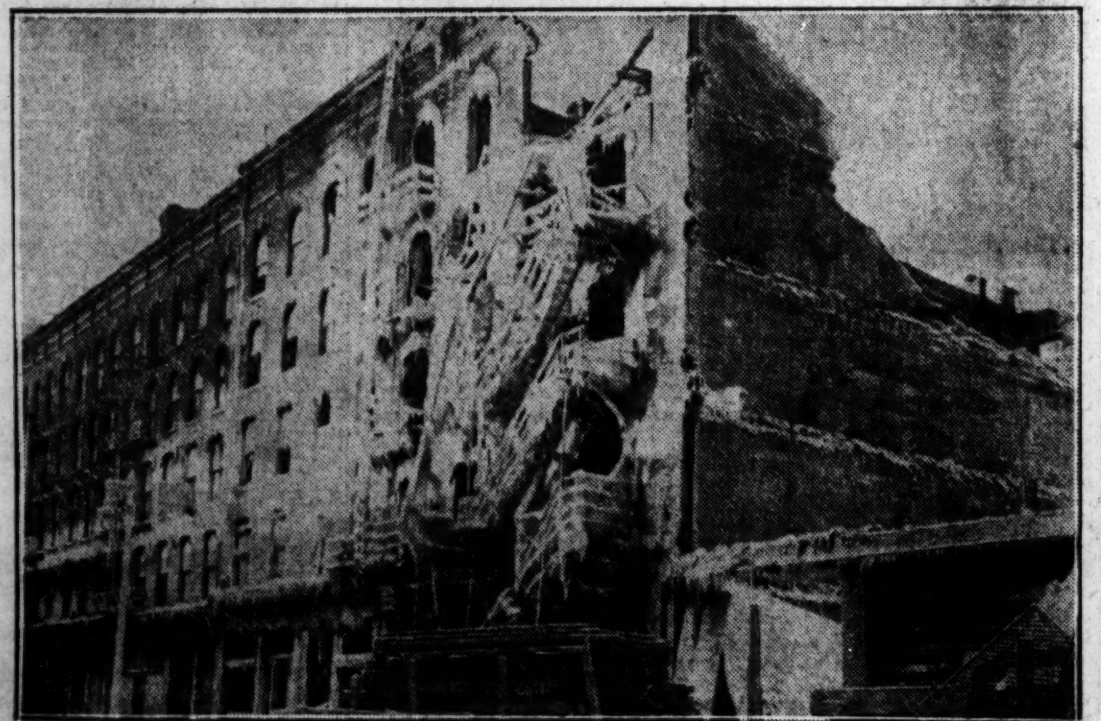

Mother dear,

You don't know how ashamed I am not to have written in all this time, haven't only know how I could have gone so long. You have not been absent from my thoughts one day but well as cases are wordless so I won't make any thing I can say is that I am very much a low down cur and don't merit consideration but please try and forgive me. Mother darling I do love you, love you so much and my thoughtfulness is that of purely careless youth. I haven't heard from you for some as I haven't written but I hope you'll answer it. I do miss your letters so much.

about that old bill, it must have gone astray, I mean the letter containing the check for I sent it over a month ago. I'll get up the bank & stop payment on that check & send another immediately.

I am sure in a pinch of a condition right now I was felt so bad in my life. I don't think I wish it was something serious so you could tell me of me at home but it's really a cold & the pink eye. I can just barely see the paper to write so this can't be long but I'll write again to you or next day try in some little measure to make up for the hurt and pains I have so badly caused you.

I love you with all my soul  
Your son  
Billie

**RIVER STREET FIRE RUINS TRANSFORMED INTO ICE PALACE.** Building at 350-354 River street, formerly occupied as a warehouse by the Graham and Morton Steamship line, as it appeared yesterday following fire of Christmas morning. (Story on page 1.)

**AWAITS VERDICT IN TRIAL FOR MURDER.** Norman Selby (Kid McCoy) playing solitaire during his trial. The jury is still deadlocked: 6 to 6. (Story on page 1.)

**LETTER SHOWS MCCLINTOCK'S AFFECTION FOR FOSTER-PARENT.** Facsimile of letter addressed to Mrs. W. D. Shepherd, which was made public yesterday by Mr. Shepherd's law partner, Robert H. Stoll. Other letters, all displaying love and esteem for the Shepherds, were also made public. (Story on page 1.)

**WOMAN BURNS TO DEATH WHEN SHE TRIES TO RESCUE CHILDREN.** Ruins of home of Edward Deike, near Franklin Park. Left to right: Edward Deike Jr., son of woman who lost life; F. G. Kramer, a friend; William Deike, another son; Mike Shannon, a friend. (Story on page 5.)

**NEWLY OPENED SKATING RINK IN GRANT PARK STADIUM PROVES POPULAR WITH WORKERS.** The young women shown in the foreground were able to do a little skating yesterday during the noon hour, the proximity of the stadium to the down town district giving them and hundreds of others a welcome opportunity. (Story on page 5.)

**BURIAL HERE.** Paul J. Healy, who died in Paris, to be interred at Calvary cemetery. (Story on page 6.)

**TO GET \$25,000.** Joseph Maskalunas. The Appellate court confirmed verdict awarding him damages. (Story on page 5.)

**CHILDREN FOR WHOSE SAKE MOTHER BURNED TO DEATH.** George and Fred Deike, aged 13 and 11, respectively, who escaped from burning home near Franklin Park. (Story on page 5.)

government tonight  
statement regard  
ing the various  
interrelated mili  
tary inspections,  
which it is  
claimed, shows  
that the allies' re  
fusal to clear the  
Cologne bridge-  
head on account  
of Germany's fail  
ure to disarm was  
based on false  
promises.  
The statement  
was the result of  
the decision (P  
reached by the council  
in Paris earlier in the  
allied troops out of the  
on Jan. 10, as provide  
sallies treaty.  
The German govern  
ment declared its view  
Parker Gilbert, agent  
reparations, that the  
evacuate Cologne will  
Dawes plan agreement  
troops is held by the  
and government.  
Claim U. S. Backs  
The only satisfaction  
in the present acute  
report from Washing  
dent Coolidge, Secret  
Hughes and the entire  
ernment favor the Ger  
and hope that the all  
sider their decision  
Cologne.  
At least this is the  
in press reports here.  
correspondents at W  
bound by the old estab  
whatever is revealed  
Coolidge's weekly press  
confidential, but tonight  
plainly that Mr. Cool  
the hope that the all  
Cologne in accordance  
plan.  
Mr. Hughes is reported  
pressed astonishment o  
action: The House Court  
sallies: "America Warn  
dore's Council."  
Tonight's governme  
takes the form of an  
Herr Geasler, minister  
local press, in which ev  
of weapon caches is d  
Hinges on Daw  
While the government  
the control commission  
state non-official leader  
the whole matter is  
Dawes plan and the  
treaties with France  
Thus George Bernhar  
for, says:  
"No British govern  
officially to denounce  
but British industry is  
the measure and hope  
plan impossible."  
One of the leading m  
froths at the mouth o  
tents and, under the  
Dawes Plan is broken,
